DO YOU KNOW WHO YOU ARE?

They thought they were like everyone else...until they woke with incredible powers. In Japan, a lowly office worker can teleport at will. In New York, a struggling artist can paint the future. In Los Angeles, a discontented beat cop can hear the thoughts of others. Heroes chronicles the lives of these people, and the lives of others like them? whose destiny just might be the saving of humankind...but first they must come to grips with their newfound powers. This original, edge-of-your-seat thriller will make you wonder if there really are heroes among us.

ABSOLUTE ADDICTION

A long, long way... to Eden's tree
Listen to Adam give the third degree
All along the way...her voice is heard
And cuz she's a woman, my vision is blurred
It's a long, long way...so I'll make my time
As not to missup and get out of line
All along the way...people hear the sound
Of a once strong man being pushed around

Ohh It's an absolute addiction, to a much-desired drug
Ohh The solid execution, to jump in line
Ohh It's an absolute addiction, to a much-desired drug
Ohh The solid execution, to jump in line

A long, long way... to make your point
To a scrial mind that gives you no choice
All along the way... to grasp at straws
She doesn't like your walk so she wants you to crawl

Ohh It's an absolute addiction, to a much-desired drug
Ohh The solid execution, to jump in line
Ohh It's an absolute addiction, to a much-desired drug
Ohh The solid execution, to jump in line...
Jump in line boy...

A long, long way... to Eden's tree
Listen to Adam give the third degree
All along the way...her voice is heard
And cuz she's a woman, my vision is blurred

Ohh It's an absolute addiction, to a much-desired drug
Ohh The solid execution, to jump in line
Ohh It's an absolute addiction, to a much-desired drug
Ohh The solid execution, to jump in line...

CATCHER

I'm like the catcher in the rye and I wish that I could die
But I don't want to be the guy, slowly bleeding from the eye
Like the catcher in the rye, so I wouldn't even try
To understand the reason why, I hate the way that people lie

Speak your mind and you will find, you've got the man's attention
If you say you won't play that way, you're bound to raise suspicion
Dare to think, prepare to sink, and swallow mass derision
Speak your mind and you will find, you can't make your own decision

All the hookers and the whores, in the East Side hotel doors
Smile and whistle as I pass, I'm just another piece of ass
When I call you on the phone, I pray to God that you're alone
But the thing that I can't take is, maybe, even God's a fake

Speak your mind and you will find, you've got the man's attention
If you say you won't play that way, you're bound to raise suspicion
Dare to think, prepare to sink, and swallow mass derision
Speak your mind and you will find, you can't make your own decision

EVERYTHING

Even though you've never let me down,
Even though you've always been around,
Still it seems that I'm never found

You give me everything
You take all the pain I bring
You give me everything,
And I take it away and make it sting

Even though you give and give some more,
Even though you're the one I adore,

Still I tumble face down on the floor

You give me everything
You take all the pain I bring
You give me everything,
And I take it away and make it sting

Even though you're truer than a star,
Even though we've come so far,
Still I come up just short of the bar

You give me everything
You take all the pain I bring
You give me everything,
And I take it away and make it sting

TRUST ME

When the sun was up, and the sun went down--
When the bread and wine, bought a thorny crown--
When I left you there the last time
Did you know my game?
That last time,

Did you think you could trust me, out there in the dead of night?

Did you think you could trust me, out of line when I'm out of sight?

When I found you there, no garden of bliss--
Did you say your prayers, before I gave you that kiss?
When I found you there the last time
Did you know my game?
That last time,

Did you think you could trust me, out there in the dead of night?

Did you think you could trust me, out of line when I'm out of sight?

THE INCOMPLETE

Hide in your secret place, who will notice anyway?
Shadows grow over the streets
The ground shakes under your feet
Turn your head to see...

Walk through empty rooms, so cold and dry
Feel the heavy smoke as it hurts your eyes
Slow motion through the mind
Stares taken in then thrown by

Shadows grow over the streets
Everyone can see you there

Ohh

Call a spade a spade- Cut my roots in two
Big mistakes I've made, but none as big as you
Led me far away- Give the devil's due
Should have seen the play, but I had no clue

Wonder where--wonder why... Find a valid alibi

Eagerly seduced-- Defenses all reduced
Easily traduced-- It comes home to roost

Wonder where--wonder why... Find a valid alibi

Protest too much-- Excuses and such
Out of touch-- My favorite crutch

Wonder where--wonder why... Find a valid alibi

WAVE

Sunrise bleeds over the rooftops
Say goodbye to night
If I plead for a day-long stay
Can we put off this fight?

Did you have any idea
When you caught my eye in the wave of a perfect sigh?
Did you have any idea,
Of the price of the happiness we tried to buy?

Slate was clean everything was simple
Then I forgot my home
Did not mean any respect,
But I just had to roam

Did you have any idea

When you caught my eye in the wave of a perfect sigh?
Did you have any idea,
Of the price of the happiness we tried to buy?

Who can I set up? Who can I blame?
"The devil made me do it" Shame, shame, shame

Just can't take responsibility, I just wasn't raised that way
Excuses, they're so lame, but still I make, so your acc

“IMAGINE + ONE”

Around the world, people joined together to help with relief after the devastation in Haiti. To celebrate those efforts, Xiren re-invented John Lennon's "Imagine" & U2's "One" fusing them together into a song to share with you, "Imagine+One".

U2 recently re-started their Tour and that's when I first heard a bootleg of *Galstonbury*. It blew me away that a 3 decade old band could write something so rocking & relevant. Amazing! In an effort to improve customer service, Denver Public Works Right Of Way Enforcement has installed 150 "smart meters" around the City. The new meters accept credit cards, debit cards and coins. The smart meters provide us with more options for parking in the Mile High City, and we want to know what you think about the new technology. Do you find the smart meters easy to use? Should smart meters replace our current meters? Tell us about your experience with the new meters. Please take our short survey by clicking on the button below. Thank you!

The Expertise Needed To Work Smarter, Faster & More Efficiently Than Ever Before

Benefits

- Increases mobile worker productivity
- Saves money on support overhead and help desk personnel
- Provides real-time access and solutions to mobile device problems
- Manages, tracks, and replenishes mobile devices
- Keeps mobile devices and applications up-to-date
- Simplifies ALL your mobility needs, dramatically reducing total cost of ownership

"Having XD Total Care manage our mobility has saved us the equivalent of a full-time person. Not to mention, they handle all the things we don't want to deal with."

Ron Valdez
Ball Corporation

Keep Your Mobile Workers Productive

At ExtenData, we know the impact every minute of downtime can have on workforce productivity and bottom line profitability. That's why we offer a comprehensive suite of managed services designed for optimal up-time and performance. Our support technology allows us to immediately take control of mobile devices and troubleshoot the problem. If we can't fix the problem, we'll deliver a fully functioning device within 24 hours.

Simplify Mobility Initiatives

Sitting on hold with a manufacturer or software provider, troubleshooting problems and tracking equipment isn't the best use of your time. At ExtenData we simplify all that as the single point of contact for all mobility needs. Let us maximize the effectiveness of your mobile technology, while your workforce focuses on what they do best.

Ball Corp.'s mobility package has saved them the equivalent of two full-time employees. More importantly, XD Total Care runs and analyzes performance reports and updates all Ball Corp.'s equipment at the optimum level.

Ball Corp.'s mobility package has saved them the equivalent of two full-time employees. More importantly, XD Total Care runs and analyzes performance reports and updates all Ball Corp.'s equipment at the optimum level.

"The benefits of XD Total Care far outweigh the cost. Our mobility is the last thing we want to think about and now we don't have to."

- THE CAÑON BEAT

**Not often does an independent act get to
release a live concert DVD of this quality let
alone play the main stage at Red Rocks.**

Red Rocks Amphitheatre, Colorado. A mystical August evening. The rain looming, threatening the outdoor event center. Minutes in to the first song the clouds clear and made way for this magical rock and roll show.

Finally, a live show DVD that does justice to this dynamic and eclectic band's live concert. This is the first ever professionally filmed and recorded live show of Xiren. The show was shot in 16:9 widescreen using 6 cameras with audio recording by Toy Box Entertainment's Mobile Pro-Tools Multi Tracking Studio. And what could be a better setting than the majestic and infamous Red Rocks Amphitheatre?

DVD Includes:

- Red Rocks Concert (Widescreen)
- Interview by Maris the Great
- 2 Song Acoustical Performance
- "Summer of Love" Music Video
- 2001 NBC News Performance
- Interviews with the band
- "Backstage Pass" Video
- Photo Gallery Slide Show
